Wendy Steiner reviews 'Brain Sex' by Anne Moir and David Jessel - LRB 25 January Refresh and try again. I get that this book is brainsex to be accessible to readers, but it almost presents a kind of pseudo reality - then again it was published in the late 80s, so a lot's changed since then in terms of neurological research and science Oct 24, Shima rated it really liked it.

BRAINSEX ANNE MOIR & DAVID JESSEL PDF

Brain Sex is a book dedicated to demystifying the differences between male and female behavior. Men and women act differently, according to authors Moir and Jessel, because our brains are structured differently. Feminism holds that, except for obvious anatomical differences related to reproduction, men and women are essentially the same.
