Factors that Affect Ethical Behavior in the Workplace ...

The company and the Food and Drug Administration (FDA) trade off the benefit to millions and risk of harm to a few in an ethical decision. After much debate, society has developed a consensus that this is the best course. Other behaviors blessed by social consensus in the United States are considered unfair or illegal in other countries.

Influences on Ethical Choices | Principles of Management

Social responsibility is an ethical theory in which individuals are accountable for fulfilling their civic duty, and the actions of an individual must benefit the whole of society. In this way, there must be a balance between economic growth and the welfare of society and the environment. If this equilibrium is maintained, then social responsibility is accomplished.
